Website or Landing Page Setup

Convertkit Landing Page

If you've chosen to use Convertkit for your email service provider, using a Convertkit landing page is your EASIEST option.

Click here for a tutorial on how to create a landing page with Convertkit.

Leadpages Landing Page

Leadpages offers advanced features and is very flexible, but also comes at a significantly higher price.

To create a landing page with lead pages, you'll first need a "lead box." Click here for a tutorial on how to create one.

Once you have your lead box, click here to learn how to create your landing page with Leadpages.
